

## 150 WATTS HIGH POWER LED FLOODLIGHT Cat. No. 38305

### FEATURES

- Compact design
- Die-cast aluminium housing
- Stainless steel lamp bracket
- Stainless steel screws
- Polycarbonate glass for superior strength, impact & fire resistance
- Integrated electronic thermal management (ETM) which reduces LED temperatures for long life and reliability
- Sustainable LED technology
- 2 year warranty

### SPECIFICATIONS

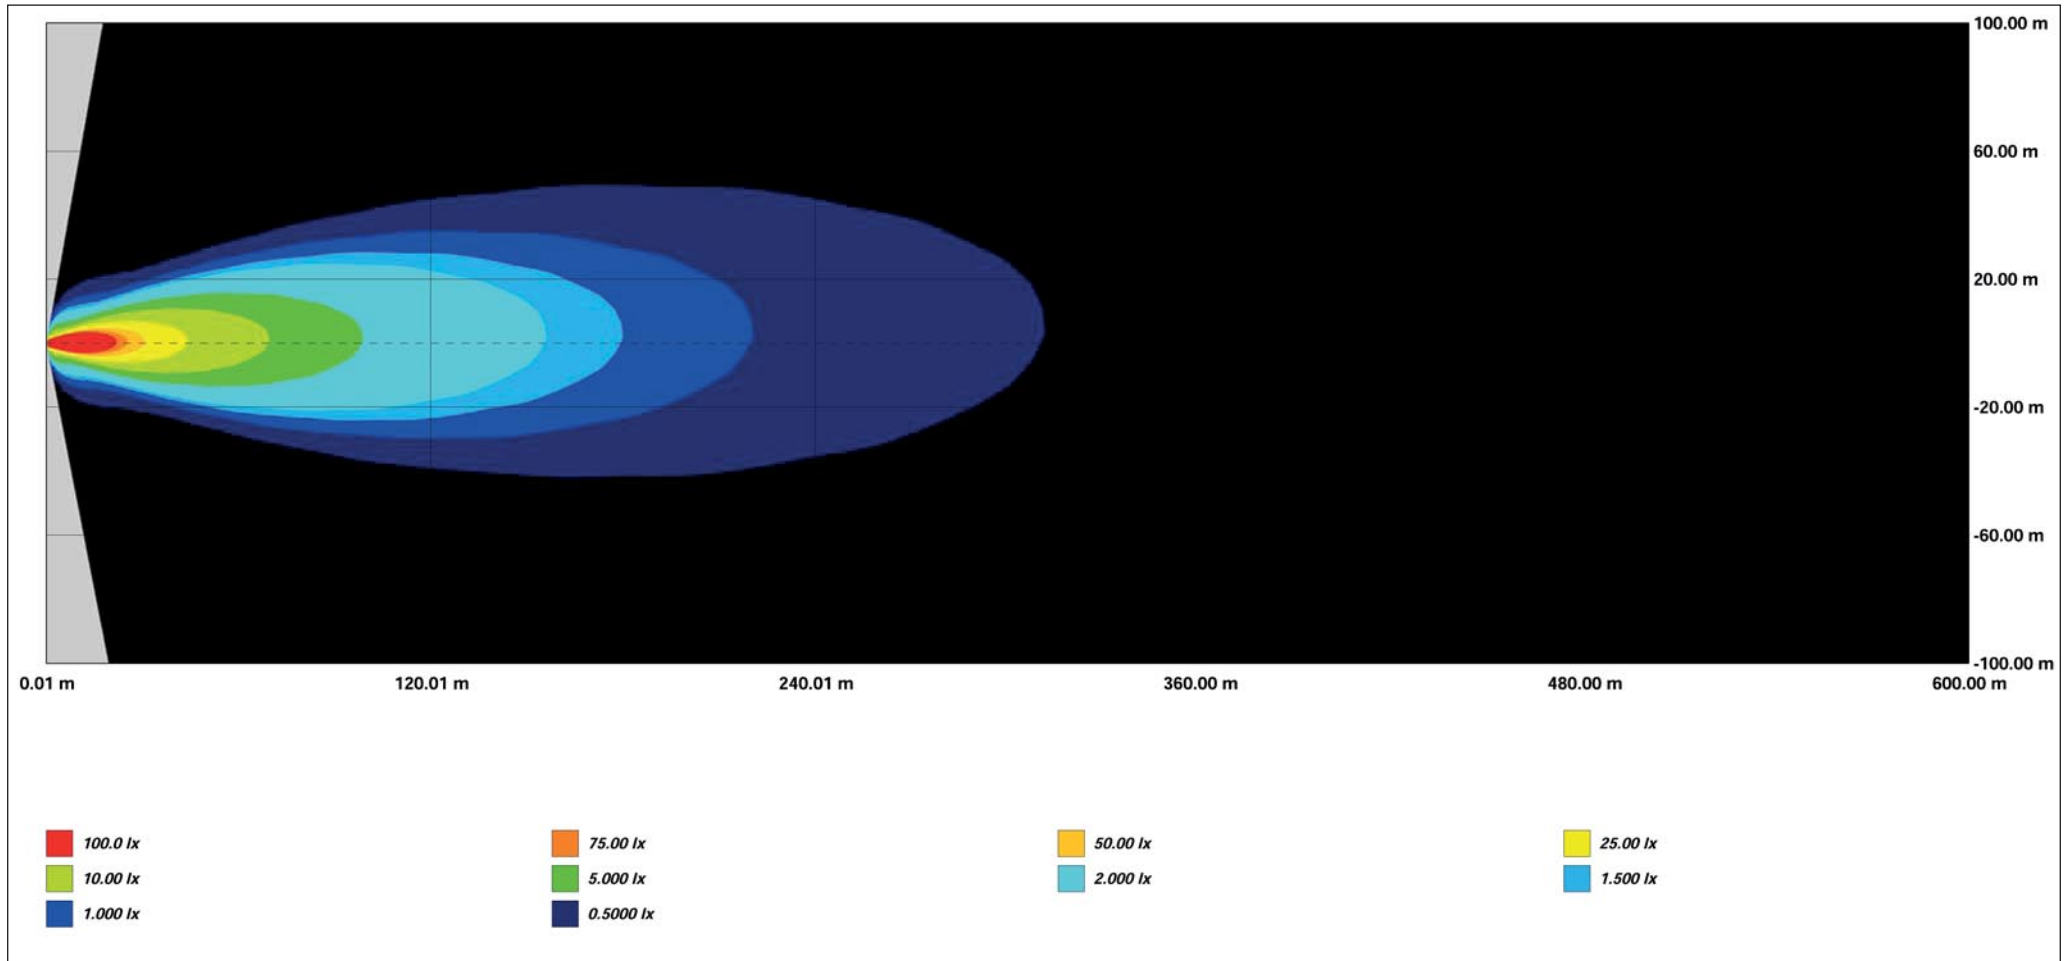

Light source	LED
Quantity of LEDs	30
Luminous flux	15.000 lumens
Power	150 Watts
Colour temperature	6000K
Voltage	11-65V DC multi-voltage
Current	12,5 amps (at 12V DC), 6,25 amps (at 24V DC)
Colour of light	Cool white
Efficiency rate	90%
Operating temperature	-40 Celsius ~ +80 Celsius
Optically pure	90%
Lifespan	50.000 hours
Housing material	Die-cast aluminium
Housing colour	Black
Protection class	IP68
Approval	CE/RoHS
Beam angle	40°
Lamp dimensions	11.02" W x 7.09" H x 2.95" D (280 x 180 x 75 mm)
Lamp weight	9.48 lbs (4,3 kg)
