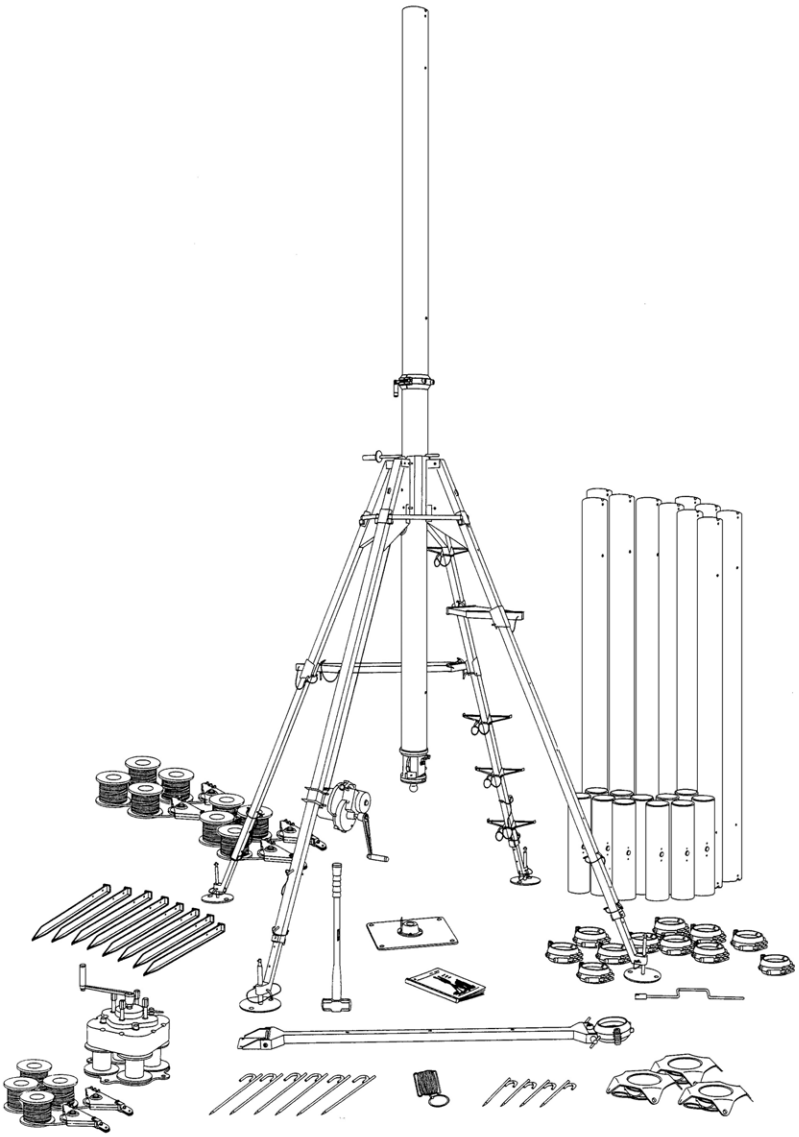
SERIES 90 MAST

SECTIONAL MAST SERIES

Series 90 Mast erected to 24 metres.

"The Big Lifter up to 50 metres"

Series 90 is our big lifter using 6 inch mast sections and having torsional locking clamps between each tube. The tubular mast can be set up using a common set of leg supports and guy controllers, these components can be common to a number of masts if required. Series 90 is offered in heights ranging from 10 to 50 metres and again is easy to transport and set up on any site.



CAT. NO.	MODEL	EXTENDED HEIGHT	MAXIMUM VERTICAL HEADLOAD	MAXIMUM HORIZONTAL HEADLOAD
10727	90-10	10.00m	300.0kg	560.0kg
10726	90-16	16.00m	280.0kg	500.0kg
10725	90-20	20.00m	250.0kg	450.0kg
10724	90-24	24.00m	230.0kg	400.0kg
10723	90-30	30.00m	200.0kg	300.0kg
10728	90-40	40.00m	100.0kg	200.0kg
